## Earth day

For Earth Day 2024, children were learning and appreciating how our actions affect the Earth. With this year's theme focusing on marine life and the effect plastic can have on their habitat, each year group made a marine creature out of different materials and household rubbish. It was great to see the pupil's creative side shine, illustrating such an important topic. Students were also invited to use everyday materials to create a stylish outfit or accessory to walk down the catwalk for a fashion show. This was to demonstrate the importance of reusing instead of throwing items away. It was amazing to see stylish outfits in each year group. The pupil with the best outfit in each year group won a ticket to the Sealife Adventure in Southend. It was inspiring to see everyone being an awesome eco warrior! Please look out for photos which will be available on the website soon.
