

Dear Parents and Carers,

We are excited to let you know that our Year 5 pupils will soon be taking part in a hands-on design and technology project, where they will work in small groups to build small wooden bridges. It promises to be a fun, creative, and practical learning experience for the children.

We would love to invite parents to come along and support the class during these sessions, if you are able to do so. Extra helping hands and encouragement always make a big difference, and the children really enjoy sharing their learning with you.

The sessions will take place as follows:

- **Class 11:** Wednesday 11th March
- **Class 12:** Thursday 12th March

Parents are warmly invited to arrive from **9:00am** at the school office. You are also very welcome to return after lunch to continue supporting the project; however, please note that lunch will need to be taken off site.

If you are able to join us for any part of the day (please complete the form in the link below), we would be very grateful. Thank you, as always, for your continued support - it is greatly appreciated and makes experiences like this possible for our pupils.

Kind regards,

Miss Dunwell and Miss Turner
